The footprints are frightening: one naked human foot, and the other that can't be properly identified. He roams the country like a devil, killing everyone who gets in his way. Dominic, Villemo and Niklas of the Ice People understand that this was the evil they had been chosen to stop, but how are they going to neutralise a monster who appeared to be immortal?

com. The invitees come from 57 countries, the organization says in unveiling its list, with the list comprising 39% female and 30% people of color (poc), both numbers increasing overall totals in those categories which has been a focus of AMPAS over the past couple of years.
